<b>State Testing Information</b>							

FE = Final Exam SE = State Exam FA = Final Average CR = Credits Earned

Class Rank: Each course is assigned a factor which appears to the right of the course title.

Factors: 10 = AP, 9 = Honors, 8 = Regents/College Prep, 7 = School.

The formula is: GPA = sum of ( Grades x Factor x Credit) for each course divided by total credits (excluding Pass/Fail Courses).

The average is based on the GPA divided by 8, the Regents/College Prep factor.
